PROVINCIAL SECRETARY'S OFFICE  
20th July, 1877.

THE following Report of Mr. R. B. Harper, Government Mining Engineer, on the Howe Sound Copper and Silver Mine, is published for general information.

T. ELWYN,  
*Acting Deputy Provincial Secretary.*

VICTORIA, B. C.  
June 26th, 1877.

SIR—I have the honour to inform you that in pursuance of instructions received by me, I proceeded to visit and inspect the Howe Sound Copper and Silver mine, and beg to report as follows:—

In consequence of a considerable depth of snow on the summit of the mountain where the mine is situated, I was not able to follow the lode continuously for any great distance, but on the south-east side there was about three hundred feet of the lode exposed. I examined it and found it about two and one half feet wide running nearly east and west. The lode, which I pronounce to be a true fissure vein, has a perpendicular foot wall. There are stringers further south which at a lower level will run into the lode.

The ore is of a rich character made up of what are known as Peacock and Grey ore and oxide of Copper. It carries also a large percentage of silver. It is the richest ore of this character I have ever seen on this Coast or in England.

The formation is granite. In Cornwall, England, the richest copper mines are in granite. In Nevada the richest silver mines, with the exception of the Comstock, are in granite. I firmly believe that the lode will at a greater depth from the surface prove to be richer in silver than in copper. I can with confidence recommend it to mining capitalists.

I beg to inform you that there is no road to the mine, which is in consequence at present difficult of access; I would recommend that a competent person be sent to examine the country between the mine and the salt water with a view to laying out a road in the most eligible location. Not only may the mine I have made particular reference to be thus opened but the ground on the east and west may be worked also.

I believe in time the country between Howe Sound and Jervis Inlet will be a great Mining District.

I have, &c.,  
(Signed) R. B. HARPER,  
*Government Mining Engineer.*

*The Honourable  
the Minister of Mines.*
